About This Game

The image is a promotional graphic for the game 'Scarlet Scarf'. It features a dark, atmospheric illustration of a hooded figure with glowing yellow eyes and a wide-brimmed hat, standing in a dark, industrial-looking environment. A large, flowing red scarf or cape is draped around the figure. In the background, there are silhouettes of buildings and flying birds. On the left side, there are three small icons: a Windows logo, a Steam logo, and an Apple logo, indicating the game's availability on these platforms. Below the illustration, there is text in a stylized, orange-gold font.

Scarlet Scarf is a visual novel inspired by the legend of Plague Maiden.

Dive into the dark mysteries of a dying city with the fate of Sanator Richard Murdock in your hands.
